9770092 EPP-021 Description
Electronic module for USOA entrance panel. Category: Spare parts. This module incorporates 2 tactile call buttons arranged in 2 columns (Left and right).

9770107 CPP-021 Description
Frontal glass for USOA entrance panel. Category: Spare parts. Front belonging to the complete module MPP-021

USOA is the Alcad entrance panel with a continuous profile and modular composition. It consists of frames of different sizes and with different numbers of windows where the different modules are fitted: as main audio or video module, push-button modules, iaccess module, card holders ... etc. There are two module sizes: P and G. The G modules occupy 2 frame windows, and the P modules occupy a single window.

Its modularity allows total freedom of choice for the creation of compositions and, at the same time, facilitates the integration of all technologies in the same equipment and with the same aesthetics.
